

# IMPACT

COhatch exists to strengthen and improve the communities, families and individuals in the cities in which it operates. It is a Town Hall 2.0 where community members come together to live, work, play and advance the common good.

Through its unique sites, located at the heart of active areas, COhatch brings people together and incubates causes that serve the community and the world.

# Ecosystem

COhatch is community where individuals, start-ups, small businesses, large corporations, and non-profits thrive **TOGETHER**—in the communities in which they live and love.

COhatch is in the business of creating environments where people and communities **CONNECT** with their neighbors, clients, coworkers, and families.

COhatch is an incubator platform to **NURTURE** young startup firms, through providing affordable space, shared offices and services, hands-on management training and mentoring, marketing and promotional support and access to community financing.

COhatch is designed to be a place to **WORK, MEET, and LIVE**, and our vision is to replicate this “whole-life” approach to hundreds of local communities, impacting the world one person and community at a time!

# Partners

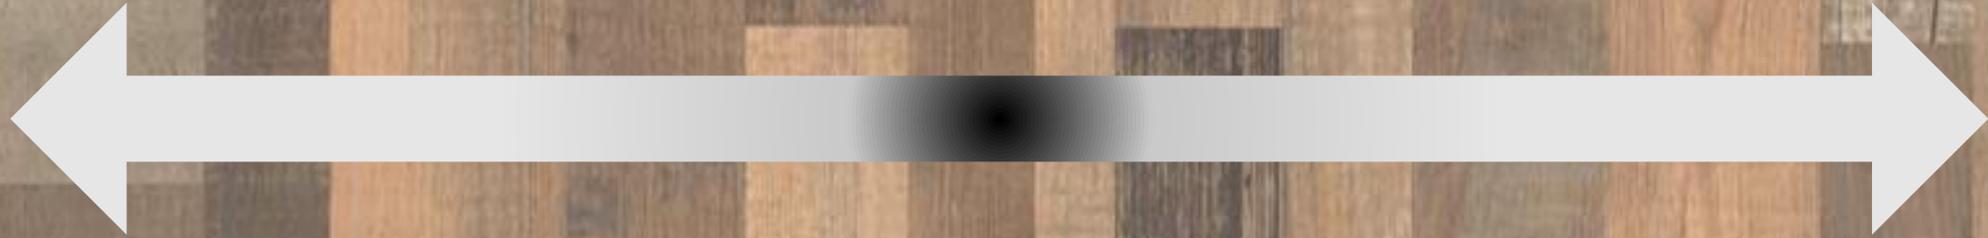

COhatch is developing partnerships with leading social innovators and impact networks that use COhatch sites as hubs for reaching and serving their communities.

- **Tampa Underground** is an experimental community of innovators pursuing change in the church and mission in the world.
- **Praxis** is a creative engine for redemptive entrepreneurship, supporting founders, funders, and innovators motivated by their faith to renew culture and love their neighbors.
- The **Prison Entrepreneurship Program** pioneers innovative programs that unlock potential for inmates through entrepreneurial passion, educating and mentoring.
- **Ocean** serves entrepreneurs by providing access to training, community, and a foundation of faith on which to launch new organizations.
- The **Minority Entrepreneurship Institute** seeks to close the economic and educational gap in minority communities across the Midwest and southeast through entrepreneurship.

# IMPLICIT AND EXPLICIT IMPACT

Impact is similar to evangelism. It is a process that requires common ground, opportunity for “Kingdom Collision”, intentionality, and relevance. COhatch facilitates common ground and “Kingdom Collision” with relevance and intentionality, without trying to control it!

## IMPLICIT

- Provide business education, personal wellness, & other programming
- Ensure church and parachurch organizations are informed about, involved with, & served by COhatch
- “Shark Tank” pitch events attract capital to high-quality COhatchers

## BLEND

- 50 scholarships reserved for non-profits and ministries
- Facilitate opportunities for COhatchers to give time, treasure, and talent to causes important in a given location (i.e. tornado relief, COVID elder care, etc.)
- Coordinate with local economic development initiatives
- Incubate social enterprises

## EXPLICIT

- Provide space to small churches and church plants
- Direct ministry by COhatch members to peers (multiple bible studies/site)
- Build up local Kingdom investor network
- Foster an Abundance Mindset in business community
- Donate investment proceeds to ministries
